About

Fueled by self-motivation, my career spans sales, design, advertising, and an internship at Brototype. Along the way, I've been learning independently, In the past year, I've embraced self-learning, crafting multiple projects and excelling in the MERN stack.

Skills

• **PROGRAMMING**

JavaScript• Node.js • MongoDB • HTML
PostgreSQL • CSS • Mongoose(ODM)

• **LIBRARIES/FRAMEWORKS**

React.js • Redux.js • Express.js Bootstrap

• **TOOLS/PLATFORMS**

Git • Webpack • AWS

Projects

• **ECOMMERCE WEBSITE | MONGOOSE, EXPRESS, NODE.JS, EJS, BOOTSTRAP**

Developed an Ecommerce Web application using Node.js, Express, Mongoose, ejs, and Bootstrap. Integrated various tools and APIs like Razorpay, PayPal, DataTables, Chart.js, Twilio, and App. Hosted on AWS EC2 with Nginx as the web server and utilized PM2 for process management.
